

10th Latin American Congress on Epilepsy

San José - Costa Rica 29 Sept - 2 Oct 2018

In association with:

Posters Specifications

1. The poster size should not exceed **94 cm wide** and **2.34m high** in a vertical format.
2. We suggest you structure your poster in the following sections:
 - Title, authors and contact information (in the upper part of the poster width)
 - Purpose
 - Methodology
 - Results
 - Conclusion
3. Do not overload the poster with too much text. Use graphics and images. Do not insert superfluous elements.
4. The poster must correspond to the summary submitted and accepted by the Scientific Committee.
5. The poster must be written in Spanish, Portuguese or English.
6. The colour scheme contributes to the good design of the poster. Choose neutral or grey tones for the background which facilitate the reading and highlights images.
7. The poster must be printed on paper or light cardboard. Do not use thick cardboard: it is too heavy and tends to detach from the poster boards.
8. Each poster will be assigned a number and each poster board will be clearly marked with their corresponding number.
9. Posters will be mounted to the poster boards using double-sided tape (provided by the congress).
10. Bring your delegate identification when you assemble your poster; It will ensure access to the exhibition area. We recommend you also bring a printed copy of the correspondence that you received notifying the acceptance of your abstract.
